Sir:

In response to the Restriction Requirement dated August 11, 2008, Applicants hereby elect Group I, with traverse, for prosecution at this time. The species elected for search purposes are:

- A. the selecting step - claim 2
- B. the pretreatment of the analyte - claim 5
- C. the complex analyte - claim 6
- D. the origin of the complex analyte - claim 18

Traverse is on the grounds that there would be no undue effort for the Examiner to search the one claim in Group II.

Amendments to the Claims begin on page 2 and end on page 10.

Applicants' Remarks begin on page 11 and end on page 11.
